SENATE MOTION

MADAM PRESIDENT:

I move that Engrossed House Bill 1824 be amended to read as follows:

1	Page 5, between lines 27 and 28, begin a new paragraph and insert:
2	"SECTION 5. IC 8-1-8.4 IS ADDED TO THE INDIANA CODE AS
3	A NEW CHAPTER TO READ AS FOLLOWS [EFFECTIVE UPON
4	PASSAGE]:
5	Chapter 8.4. Electric Line Facilities Projects
6	Sec. 1. As used in this chapter, "commission" refers to the
7	Indiana utility regulatory commission created by IC 8-1-1-2.
8	Sec. 2. As used in this chapter, "electric line facilities" means
9	the following:
10	(1) Overhead or underground electric transmission lines.
11	(2) Overhead or underground electric distribution lines.
12	(3) Electric substations.
13	Sec. 3. As used in this chapter, "electric line facilities project"
14	means the construction, operation, maintenance, reconstruction,
15	relocation, addition to, upgrading of, or removal of electric line
16	facilities.
17	Sec. 4. As used in this chapter, "electricity supplier" means a
18	public utility that furnishes retail electric service to the public.
19	Sec. 5. As used in this chapter, "public utility" has the meaning
20	set forth in IC 8-1-2-1.
21	Sec. 6. As used in this chapter, "regional transmission
22	organization" refers to the regional transmission organization
23	approved by the Federal Energy Regulatory Commission for the
24	control area in which an electricity supplier operates electric line
25	facilities.
26	Sec. 7. The commission shall encourage electric line facilities
27	projects by creating the following financial incentives for electric
28	line facilities that are reasonable and necessary:
29	(1) The timely recovery of costs incurred by an electricity
30	supplier in an electric line facilities project.
31	(2) The timely recovery of costs, by means of a periodic rate

2.0

2.5

adjustment mechanism, incurred by an electricity supplier taking service under a tariff of, or being assessed costs by, a regional transmission organization.

- Sec. 8. (a) An electricity supplier must submit an application to the commission for approval of an electric line facilities project for which the electricity supplier seeks to receive a financial incentive created under section 7 of this chapter.
- (b) The commission shall prescribe the form for an application submitted under this section.
- (c) Upon receipt of an application under subsection (a), the commission shall review the application for completeness. The commission may request additional information from an applicant as needed.
- (d) The commission shall, after notice and hearing, issue a determination of an electric line facilities project's eligibility for the financial incentives described in section 7 of this chapter not later than one hundred eighty (180) days after the date of the application.
- (e) Subject to subsection (g), the commission shall approve an application by an electricity supplier for an electric line facilities project that is reasonable and necessary. An electric line facilities project is presumed to be reasonable and necessary if the electric line facilities project is consistent with, or part of, a plan developed by the regional transmission organization.
- (f) This section does not relieve an electricity supplier of the duty to obtain any certificate required under IC 8-1-8.5 or IC 8-1-8.7.
- (g) The commission shall not approve a financial incentive for that part of an electric line facilities project that exceeds the lesser of:
 - (1) five percent (5%) of the electricity supplier's rate base approved by the commission in the electricity supplier's most recent general rate proceeding; or
 - (2) one hundred million dollars (\$100,000,000).".

Page 12, between lines 3 and 4, begin a new paragraph and insert:

- "Sec. 8. (a) As used in this section, communications service has the meaning set forth in IC 8-1-32.5-3.
- (b) An electric utility that receives one (1) or more incentives under section 7 of this chapter shall notify the commission not later than one hundred twenty (120) days before using, either directly or indirectly through an affiliate or an unaffiliated third party, any:
 - (1) infrastructure;
 - (2) equipment; or
 - (3) other facilities;

with respect to which the incentives are received, to provide broadband over power lines or other communications service.

(c) Any incentives received by an electric utility under section 7 of this chapter terminate at such time as any infrastructure,

equipment, or other facilities described in subsection (b) are used, either directly by the electric utility or indirectly through an affiliate or an unaffiliated third party, to provide broadband over power lines or other communications service. Not later than sixty (60) days after the date that the infrastructure, equipment, or other facilities described in subsection (b) are first used, either directly by the electric utility or indirectly through an affiliate or an unaffiliated third party, to provide broadband over power lines or other communications service, the electric utility shall refund to its Indiana electric customers all incentives received by the electric utility under section 7 of this chapter, plus interest.

SECTION 12. IC 8-1-35 IS ADDED TO THE INDIANA CODE AS A **NEW** CHAPTER TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]:

Chapter 35. Renewable Energy Development

- Sec. 1. As used in this chapter, "electricity supplier" means a public utility (as defined in IC 8-1-2-1) that furnishes retail electric service to the public. The term does not include a utility that is:
 - (1) a municipally owned utility (as defined in IC 8-1-2-1(h));
 - (2) a corporation organized under IC 8-1-13; or
 - (3) a corporation organized under IC 23-17 that is an electric cooperative and that has at least one (1) member that is a corporation organized under IC 8-1-13.
- Sec. 2. As used in this chapter, "fund" refers to the renewable energy resources fund established by section 8 of this chapter.
- Sec. 3. As used in this chapter, "regional transmission organization" refers to a regional transmission organization approved by the Federal Energy Regulatory Commission for the geographic area in which an electricity supplier's assigned service area (as defined in IC 8-1-2.3-2) is located.
- Sec. 4. As used in this chapter, "renewable energy credit", or "REC", means one (1) megawatt hour of electricity that:
 - (1) is:

- (A) generated from a renewable energy resource described in section 5(a)(1) through 5(a)(12) of this chapter; or
- (B) conserved through the use of a renewable energy resource described in section 5(a)(13) of this chapter;
- (2) is quantifiable; and
 - (3) is possessed by not more than one (1) entity at a time.
- Sec. 5. (a) As used in this chapter, "renewable energy resources" includes the following sources and programs for the production or conservation of electricity:
 - (1) Dedicated crops grown for energy production.
 - (2) Methane systems that convert waste products, including animal, food, and plant waste, into electricity.
- (3) Methane recovered from landfills.
- **(4) Wind.**
- 48 (5) Hydropower, other than hydropower involving the

1	construction of new dams or the expansion of existing dams.
2	(6) Solar photovoltaic cells and panels.
3	(7) Fuel cells that directly convert chemical energy in a
4	hydrogen rich fuel into electricity.
5	(8) Sawmill waste, other than waste derived from virgin
6	timber.
7	(9) Agricultural crop waste.
8	(10) Waste coal.
9	(11) Clean coal and energy projects (as defined in
10	IC 8-1-8.8-2).
11 12	(12) Combined heat and power systems that:(A) use natural gas or renewable energy resources as
13	feedstock; and
13 14	(B) achieve at least seventy percent (70%) overall
15	efficiency.
16	(13) Demand side management or efficiency programs that
17	reduce electricity consumption or implement load
18	management or demand response technologies that shift
19	electric load from periods of higher demand to periods of
20	lower demand, including the following:
21	(A) Home weatherization.
22	(B) Appliance efficiency modifications and replacements.
23	(C) Lighting efficiency modifications.
24	(D) Heating and air conditioning modifications or
25	replacements.
26	(b) The term does not include energy from the incineration.
27	burning, or heating of the following:
28	(1) Tires.
29	(2) Garbage.
30	(3) General household, institutional, or commercial waste.
31	(4) Industrial lunchroom or office waste.
32	(5) Landscape waste.
33	(6) Construction or demolition debris.
34	(7) Feedstock that is municipal, food, plant, industrial, or
35	animal waste from outside Indiana.
36	Sec. 6. (a) Each electricity supplier shall supply electricity that
37	is generated from renewable energy resources described in sections
38	5(a)(1) through 5(a)(12) of this chapter, or that otherwise qualifies
39	as a renewable energy resource under section 5(a)(13) of this
40	chapter, to Indiana customers as a percentage of the total
41	electricity supplied by the electricity supplier to Indiana customers
42	during a calendar year as follows:
43	(1) Not later than the calendar year ending December 31
44	2010, at least one percent (1%).
45	(2) Not later than the calendar year ending December 31.
46	2012, at least two and one-half percent (2.5%).
47	(3) Not later than the calendar year ending December 31.
48	2016, at least four percent (4%).

1 For purposes of this subsection, electricity is measured in 2 megawatt hours. 3 (b) An electricity supplier may use: 4 (1) a renewable energy resource described in section 5(a)(10) 5 of this chapter; 6 (2) a renewable energy resource described in section 5(a)(11) 7 of this chapter; or 8 (3) a combination of renewable energy resources described in 9 section 5(a)(10) and 5(a)(11) of this chapter; 10 to generate not more than twenty percent (20%) of the electricity 11 that the electricity supplier is required to supply under subsection (a). 12 13 (c) An electricity supplier may not use a renewable energy 14 resource described in section 5(a)(12) of this chapter to generate 15 more than ten percent (10%) of the electricity that the electricity 16 supplier is required to supply under subsection (a). 17 (d) An electricity supplier may use a renewable energy resource 18 described in section 5(a)(13) of this chapter to supply not more 19 than ten percent (10%) of the electricity that the electricity 2.0 supplier is required to supply under subsection (a). 21 (e) An electricity supplier may own or purchase RECs to comply 22 with subsection (a). 23 (f) If an electricity supplier exceeds the applicable percentage 24 under subsection (a) in a compliance year, the electricity supplier 2.5 may carry forward the amount of electricity that: 26 (1) exceeds the applicable percentage under subsection (a); 27 and 2.8 (2) is generated from renewable energy resources in an 29 Indiana facility; 30 to comply with the requirement under subsection (a) for either or 31 both of the two (2) immediately succeeding compliance years. 32 (g) An electricity supplier that fails to comply with subsection 33 (a) shall deposit in the fund established by section 8 of this chapter 34 an amount equal to: 35 (1) the number of megawatt hours of electricity that the 36 electricity supplier was required to but failed to supply under 37 subsection (a); multiplied by 38 (2) fifty dollars (\$50). 39 (h) An electricity supplier is not required to comply with 40 subsection (a) if the commission determines that the electricity 41 supplier has demonstrated that: 42 (1) renewable energy resources or RECs are not available to 43 the electricity supplier in sufficient quantities to allow the 44 electricity supplier to comply with subsection (a); or

MO182406/DI 101+

(2) the cost of compliance with subsection (a) using the

renewable energy resources available to the electricity

supplier would result in an unreasonable increase in the basic

rates and charges for electricity supplied to customers of the

45

46

47

1	electricity supplier.
2	The commission shall conduct a public hearing to make a
3	determination under this subsection.
4	(i) If the commission determines under subsection (h) that
5	adequate renewable energy resources are not available or that the
6	cost of available renewable energy resources is not reasonable, the
7	commission shall:
8	(1) reduce or eliminate the affected electricity supplier's
9	obligations under subsection (a) as appropriate; and
10	(2) review its determination not more than twelve (12) months
11	after the reduction or elimination under subdivision (1) takes
12	effect.
13	(j) The commission shall allow an electricity supplier to recover
14	reasonable and necessary costs incurred in:
15	•
16	(1) constructing, operating, or maintaining facilities to comply
17	with this chapter; or
	(2) generating electricity from, or purchasing electricity
18	generated from, a renewable energy resource;
19	by a periodic rate adjustment mechanism.
20	Sec. 7. (a) For purposes of calculating RECs to determine an
21	electricity supplier's compliance with section 6(a) of this chapter,
22	the following apply:
23	(1) Except as provided in subdivisions (2) through (4), one (1)
24	megawatt hour of electricity generated from renewable
25	energy resources in an Indiana facility equals one (1) REC.
26	(2) One (1) megawatt hour of electricity generated from a
27	renewable energy resource described in section 5(a)(2).
28	5(a)(3), $5(a)(4)$, or $5(a)(8)$ of this chapter that originates in
29	Indiana equals one and three-tenths (1.3) RECs.
30	(3) One (1) megawatt hour of electricity that is:
31	(A) generated from a renewable energy resource in the
32	territory of a regional transmission organization; and
33	(B) imported into Indiana;
34	equals five-tenths (0.5) REC.
35	(4) One (1) megawatt hour of electricity that is generated by
36	a renewable energy resource described in section 5(a)(12) of
37	this chapter in Indiana equals five-tenths (0.5) REC.
38	(b) Electricity generated by any source outside the territory of
39	a regional transmission organization may not be considered for
40	purposes of calculating an REC to determine an electricity
41	supplier's compliance with section 6(a) of this chapter.
42	(c) An electricity supplier may satisfy not more than ten percent
43	(10%) of the electricity supplier's requirement under section 6(a)
44	of this chapter by owning or purchasing RECs calculated under
45	subsection (a)(4).
46	(d) An electricity supplier may not apportion all or part of a
47	single megawatt of electricity among:

(1) more than one (1) renewable energy resource; or

	,
1	(2) more than one (1) category set forth in subsection (a);
2	in order to comply with section 6(a) of this chapter.
3	Sec. 8. (a) The renewable energy resources fund is established
4	to:
5	(1) support the development, construction, and use of
6	renewable energy resources, including small scale renewable
7	energy resources, in rural and urban Indiana; and
8	(2) reimburse the Indiana economic development corporation
9	and the commission for expenses incurred under section 9 of
10	this chapter.
11	(b) The fund consists of the following:
12	(1) Money deposited under section 6(g) of this chapter.
13	(2) Money from any other source that is deposited in the fund.
14	(c) The Indiana economic development corporation shall
15	administer the fund.
16	(d) The expenses of administering the fund shall be paid from
17	money in the fund.
18	(e) The treasurer of state shall invest the money in the fund not
19	currently needed to meet the obligations of the fund in the same
20	manner as other public money may be invested. Interest that
21	accrues from these investments shall be deposited in the fund.
22	(f) Money in the fund at the end of a state fiscal year does not
23	revert to the state general fund.
24	Sec. 9. (a) This section applies if there is sufficient money in the
25	fund established by section 8 of this chapter to reimburse the
26	Indiana economic development corporation and the commission
27	for expenses incurred under subsection (b).
28	(b) The Indiana economic development corporation, in
29	consultation with the commission, shall develop a strategy to
30	attract renewable energy manufacturing facilities, including wind
31	turbine component manufacturers, to Indiana.
32	Sec. 10. Beginning in 2017, and not later than March 1 of each
33	subsequent year, an electricity supplier shall file with the
34	commission a report of the electricity supplier's compliance with
35	this chapter for the preceding calendar year.
36	Sec. 11. The commission shall adopt rules under IC 4-22-2 to
37	implement this chapter.
38	SECTION 13. [EFFECTIVE JULY 1, 2007] (a) Not later than
39	April 1, 2013, the Indiana utility regulatory commission shall
40	submit a report in an electronic format under IC 5-14-6 to the
41	general assembly. A report submitted under this SECTION must
42	include:
43	(1) an analysis of; and
14	(2) any legislative proposals the commission believes would
45	increase;
46	the effectiveness of and industry compliance with IC 8-1-35, as
17	added by this act.
48	(b) This SECTION expires January 1, 2015.".

1	Renumber all SECTIONS consecutively. (Reference is to EHB 1824 as printed March 30, 2007.)	
	Senator HERSHMAN	-
